

Meriden Public Schools Bring Your Own Device Guidelines

Meriden Public Schools recognizes, that in order to best serve students by encouraging their digital fluency in an ever-changing technological society, students be allowed to access information through their own devices as well as those belonging to our schools.

Rationale:

1. Digital devices can be very powerful tools to complement teaching.
2. Digital devices can motivate and sustain many types of learners.
3. Digital devices can increase the quality and quantity of various learning experiences.
4. Digital devices can minimize disabilities, disadvantages and the barriers of time and distance.
5. Digital devices can assist learners in understanding content and concepts, enhance creativity, enrich learning, extend opportunities, and teach skills that will be regularly used outside the classroom.

Definition of Devices:

Wireless and/or portable electronic devices that include but are not limited to, existing and emerging mobile communication systems, smart technologies, portable Internet devices, tablet devices, e-readers, laptops, net books, MP3 players, or any new device that is deemed appropriate to the goals of the school and complies with the districts' acceptable use policy.

Security and Damages:

The use of a personal device is the responsibility of the student and must be used in accordance with the acceptable use policy of the Meriden Public Schools and must, on all occasions be related to an educational purpose, task or communication. All students bringing a personal device to school must have a signed acceptable use policy on file at the school. Meriden Public Schools is not responsible for the loss, damage or theft of any electronic device brought to school by a student.

The school district cannot require students to bring in devices that it cannot provide within the resources available to the school. No student will be penalized if a majority of students are using personally owned devices and a student chooses not to bring his/her owned device to school.

Guidelines for Use of Devices:

Students who bring personal devices to school must adhere to the following rules:

1. Devices may be used for instructional purposes and at the teacher's discretion.
2. Devices must not disrupt the learning of others. Audio should be muted unless otherwise directed by the teacher.
3. Devices may be used in the media center, cafeteria, and study hall.
4. Devices may not be used to tease, harass, annoy, or bully others.
5. Devices may never contribute to the educational disruption of any school environment.
6. Devices may be confiscated and may only be picked up by parent/guardian.
7. Disciplinary action will be taken based upon misuse of the technology.
8. Students may lose the privilege of bringing a device to school if the policy is violated.
